MONITORING AND EVALUATION

The Executive Headteacher of the Service Provider (Ellen Tinkham School) will have overall responsibility for the day to day management of the service provision and for ensuring that the performance of staff is managed appropriately and in line with statutory requirements. The Learn to Live 19-25 Quality Assurance Director will carry out an annual review to ensure that the services provided are in accordance with the Service Levels and the terms and conditions of this Agreement and will provide a self-evaluation report to the Members and the Executive Headteacher to inform practice development and improvement.

The Executive Headteacher will report on the work of the Learn to Live 19-25, to the Members, on a termly basis. All plans and records for monitoring and recording progress will be consistent with the systems used by the Learn to Live Federation and procedures of the Learn to Live 19-25. The Executive Headteacher will ensure that the monitoring of standards and interventions to improve practice meet the same standards the Learn to Live Federation is subject to, under the statutory inspection made by Ofsted on a three year cycle.

We are all working towards successful outcomes for the young adults as specified in their Education Health and Care Plan or their My Plan.

Debbie Pritchard, Quality Assurance Director

Natalie Murphy, Manager

Jacqui Warne, Executive Headteacher - Learn to Live Federation.
